A SPRING COMPLAINT.

His face was drawn into a frown
As down the street he strode;
His furtive glances, quickly cast,
Seamed both sides of the road.
And as he went, his frown increased,
He seemed oppressed by care;
His manner plainly showed to me
He was in deep despair.

He reached his office, sat him down,
And lost himself in thought;
Once in a while he muttered low,
"I don't think that we ought."
He took his morning paper,
Turned to the liner page;
But what he read there did not suit—
He dropped it in a rage.

All day long he never smiled,
He growled at everything;
I knew the reason when he said:
"It is so every spring.
She'll do it, too, no matter if
I strongly disapprove;
As soon as springtime comes around
My wife is bound to move."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

The Grand Carnival.

The people of Maysville will be gratified to see an entertainment on April 14th differing entirely from the many shows of the past few weeks. The Carnival brings to us a varied program, interesting in its entirety. To the people who like sports and athletics it will afford an opportunity to see not only the old but always new acts, but also a number of very striking and really new features to Maysville. Prof. A. A. Wagsley, Messrs. Frank Weston, Ed. Stuard, Louis Nowland, Will Lyon, Louis Clinkinbeard of Cincinnati and Covington, men who rank high among gymnasts, have been secured at quite an expense and are sure to please all. Messrs. A. A. Wagsley and Weston will give the famous barrel jumping act, Mr. Frank Weston, the champion horizontal bar man of Ohio, assisted by A. A. Wagsley and Will Lyon, will do the giant swing, upstart, kickuff and other difficult and dangerous movements on the bar. The Crowds Are Coming!

The first day's sale of Hechinger's Selling-Out Sale points to the fact that the people are going to take advantage of it. As unseasonable as the day proved to be many customers had to await their turn to be waited on. The efficient force of salesmen handled the crowd nicely, and at the wind-up of the day's business it is believed all were waited on satisfactory.

The Stock Being So Large and Consisting Only of New, Choice Goods,

Is a guarantee to those who perhaps find it inconvenient to attend the sale at its beginning, that they can rest assured that they will find the correct things, no matter when they come. Naming prices in newspapers means nothing. Compare Hechinger's goods with those of other houses, at home or abroad, and you will quickly see what this sale means to you.

Men's and Boys' :-: SHOES!

Are features in this sale. Smith & Stoughton, Packard & Field and Hanan's are the brands. None better in the world.

New Carpets and Rugs.

The carpenters have now finished the work of enlarging our carpet room. Our stocks of new Carpets and Rugs are so large that we needed much additional space to handle them. We believe that we now have a Carpet Department that would do credit to any metropolitan store. From the cheapest Hemp Carpet at 8½c. to the best of Axminsters at 90c. there is not a roll but will prove of exceptional value for the price asked. We are showing a larger and better assortment of Ingrains and Brussels than ever before. You'll find here the very choicest of patterns to select from, and you have the further advantage of seeing just how the carpet is going to look on your floor. We have also an immense stock of Smyrna and Moquette Rugs and magnificent Art Squares. We know that if you will let us supply your carpet wants we will save you money.

Some Rare Shirt Waist Bargains.

We carried over from last season about ten dozen Shirt Waists. Rather than mix them with the new stock we have placed 'em on a separate counter and marked prices less than cost. The 49c. and 59c. kind are now 29c. Last year's 75c. price has been marked down to 39c. Waists that were lowly priced at $1 and $1 25 are now 59c. There are also a few that were $2 now 98c. These Waists will sell quickly. Come before the best are picked over.

THE

New Suits!

An instructive showing. If you haven't seen it you have no idea of the strides which have been made in ready-to-wear garments. Every suit has the mark of beauty and style. The tailor made gown is essentially an American production. As we said recently, New York gives lessons to Paris and London in this branch of costuming. This season our designers not only surpassed their rivals, they have surpassed themselves. Allow us to show you—it is no trouble, whether you buy or not. $8 50 to $20

EMBROIDERIES.

The kind you begin by liking but do not fully appreciate until you have washed them a few times. They're the kind that stand tubbing. They don't get stringy and mangy. That's because they are made on a hand machine not rolled off by steam. Nevertheless—

THE BUYERS' GUIDE.

THAT Rumbling, Roaring, Resounding, Reverberating Noise you hear is only The Price Fighter knocking down prices. That cringing, quaking, terrifying noise you hear is our competitors getting their breath as we knock down the price of . . . . . .

TOBACCO SETTERS!

One year ago today Tobacco Transplanters sold in Maysville at $30 because The Price Fighter was not in the tobacco setter business. Today The Price Fighter enters and gently trims the price down to **$42.90.** Ah! the picnic is over. Surely this is enough to cause a deep and painful breath. The Price Fighter controls Mason, Bracken and Fleming counties for the latest improved tobacco setting machine—a machine that embodies all the good features of the older style machines, with none of their bad features—a machine that is guaranteed to work—a machine that is sold upon its merits. The Price Fighter has contracted for a carload of these machines for spot cash, and after trimming off all the superfluous profit finds that he can sell 'em for $42.90 and still make his little 10 per cent. profit. He bought 'em right and is in position to undersell the world. Of course competitors will have to offer you some excuse for asking old time war prices. Some will offer the old worn out gag of a better machine, but beware! Poison! Listen: Call and look at the 1899 Tobacco Setter. Examine its improved features. If you like it hand out one to your farm. It is guaranteed to work, and that settles it. That laughing, joyous, shouting noise you hear is a happy, contented people celebrating The Price Fighter's entry into the Tobacco Setter business. They have long since celebrated his entrance in the Furnitnre and Wagon business. "You can fool some of the people all of the time; you can fool all of the people some of the time; but you can't fool all the people all the time." We have been discovered and we are happy; so are all the people.

THE OPENING GUN

The War on the Coal Trust Begun in the United States Court.

COAL OPERATORS MADE DEFENDANTS.

Attorney General Griggs Has Made Application for a Perpetual Injunction Against Them.

Suit Filed by United States District Attorney Hundy in Cincinnati Friday—Instructions to Bring the Action Arrived From Washington Friday.

CINCINNATI, April 8.—United States Attorney General Griggs, through United States District Attorney Bundy, filed the anti-coal trust suit Friday against the C. & O. Fuel Co. and 17 others.

The government asks for an injunction against the fuel company from carrying out its agreement with the other firms, alleging that a trust had been formed.

The fight against the so-called trust was begun some time ago before the Interstate commerce commission, which found the charges practically sustained on one of the complaints, viz.: That the C. & O. railroad had the contract to carry the coal.

Then the matter on which the suit filed Friday was brought before the grand jury by Bundy and indictments followed. It came before Judge Thompson, who is now considering a demurrer and a motion to quash the indictment.

The injunction suit is the latest phase of the case, and instructions to bring it arrived from Washington Friday morning.

Bundy's bill of equity concludes:

"Your orator * * * prays that an order be granted by your honors enjoining and restraining the defendants, or either of them, from selling or shipping any coal or coke into any state other than the state in which they reside, under or by virtue of their agreement.

"And that said defendants be restrained from continuing in any like combination or agreement.

"That each of said defendants be enjoined from further conspiring, agreeing, combining and acting together in any manner as set out in this contract and that said contract be declared void and illegal;

"That said unlawful trust and combination be dissolved by decree of this court.

"For all other and further relief that law of equity."

A RACIAL BATTLE.

The Japanese and Chinese Laborers on a Plantation Near Honolulu Have a Combat.

THE CHINESE TAKEN BY SURPRISE.

The Japanese Wielded Spiked Clubs, Knives and Axes With Deadly Effect on Their Adversaries.

Three Chinamen Were Killed, a Dozen More Seriously Wounded, Some Fatally, and About 40 Hurt—Twenty-Three Japs and Seven Chinese Arrested.

SAN FRANCISCO, April 8.—The steamer Mariposa arrived Friday from Australia via Samoa and the Hawaiian islands.

A press representative at Honolulu sends an account of a racial battle between the Japanese and Chinese laborers on the Kukuku plantation, which took place on March 26. For some time trouble has been brewing between the Japanese and the Chinese. The Japanese, armed heavily and well organized, made an onslaught on the Chinese quarters, first having placed their own women and children in places of safety. The Chinese were taken entirely unawares. The Japanese wielded spiked clubs, knives and axes, and before the Chinese could make resistance, three of their men were killed and a dozen seriously wounded, some fatally and about forty slightly injured.

The noise of the battle reached headquarters and the manager of the plantation, Mr. Wright, gathered n force of Lunas and went to the scene of the trouble. After considerable difficulty the belligerents were dispersed. A squad of policemen was sent to the plantation from Honolulu and martinl law was declared on the plantation. Police from other sections were soon on the spot and before nightfall 55 pence officers were on guard.

The Chinese fled from the plantation and great difficulty was experienced in locating them. Twenty-three of the Japanese ringleaders were arrested and seven Chinese were also jniled.

The Chinese on the island are greatly excited, and the merchants in Honolulu look for further trouble, though the better class are making every effort to keep the opposing factions within legal bounds.

The Japanese and the Chinese had some trouble on Saturday, the day previous to the battle, and the Japanese assert that they visited the Chinese quarters for the purpose of identifying the Chinese who engaged in the trouble on Saturday for the purpose of having them arrested. On entering the Chinese quarters, they say the Chinese attacked them and in the trouble which followed they secured the arms of the Chinese and used them with the effect above mentioned.

Elliott, of the 20th Kansas regiment, killed February 20 at Caloocan by a sharpshooter; Maj. McConville, of the Idaho regiment, who fell while charging at the head of his men on the trenches before Caloocan, and Lieut. French, of the 1st North Dakota, was killed at the same place.

WARSHIPS NAMED

McKinley Gives Twelve Vessels Recently Provided for by Congress Their Names.

THREE BATTLESHIPS AND 9 CRUISERS.

In Battleships the States of Pennsylvania, New Jersey and Georgia Have Been Honored.

Armored Cruisers: West Virginia, Nebraska and California—Cruisers: Denver, Des Moines, Chattanooga, Galveston, Tacoma and Cleveland.

WASHINGTON, April 8.—Secretary Long has named the ships appropriated for by the last session of congress. The battle ships are to be called Pennsylvnnia, New Jersey and Georgia; the armored cruisers, West Virginia, Nebraska and California; the six smaller cruisers, Cleveland, Denver, Des Moines, Chattanooga, Galveston and Tacoma.

Petitions by the hundreds have been flowing into the white house nnd navy department ever since the new ships were provided urging the merits of various names. The president and Secretary Long enjoyed the good natured rivalry in making the finnl determination. Consiclernation was given not only to the urgency of the influence brought to bear but also to the several sections of the country. Pennsylvania petitioned through Gov. Stone, Senators Quay and Penrose, and the entire delegntion of the house of representatives.

Georgia did not petition the navy department and it is believed that the choice of n southern state was due to a desire by the president to compliment those with whom he visited on his recent southern trip. Senator Elkins nnd the congressional delegation was most active for West Virginia; Representative Mercer made it his business to besiege the navy department with petitions for Nebraska. The choice of California also seems to be a personal compliment, without the same effort shown in other states. The same rivalry was shown among the cities, the mayors, city councils, chambers of commerce, etc., joining in the pica.

The battle ships Pennsylvania, New Jersey and Georgia are described in the act authorizing them as follows:

Three seagoing coast line battle ships carrying the heaviest armor and most powerful ordnance for vessels of their class upon a trial displacement of about 13,500 tons, to be sheathed and coppered and to have the highest practicable speed and great raums of action, and to cost, exclusive of armor and armament, not exceeding $3,600,000 each.

The armored cruisers are similarly described, except that they are to cost $4,000,000 each and to have a displacement of 12,000 tons.

The cruisers Denver, Cleveland and others are described as "protected cruisers of about 2,500 tons trials displacement, to be sheathed and coppered and to have the highest speed compatabie with good cruising qualities, great radius of action and to carry the most powerful ordnance suited to vessels of their class and to cost, exclusive of armament, not exceeding $1,141,800 each.

ANDREWS' RESIDENCE FIRE.

The List of Dead Numbers Thirteen and the Number of Injured Foots Up About Half a Dozen.

NEW YORK, April 8.—The number of dead as the result of the fire in the Wallace C. Andrews fire early Friday morning is 13. The number of injured is six, as follows:

The Dead—Wallace C. Andrews, father; Mrs. Andrews, mother; Mrs. G. C. St. John, daughter; Austin St. John, 7 years old; Wallace St. John, 3 years old; Fred St. John, 13 months old; Mnry Baldwin, servant; Mary Flannigan, servant; Annie Neary, servant; Eva Peterson, servant; Mrs. Mary Loughlin, housekeeper; Kittie Downey, servant, nud Marie Roth, servant.

The Injured—Isabella Adnms, Evelyn Adams, Mary Malloy, Nellie Quinn, Mary Vogt, Jeremiah Blazius, fireman, fell from scaling ladder and bruised.

Gen. Montenegro Killed.

MANILA, April 8.—Gen. Montenegro, next to Aguinaldo the most influential of the insurgent leaders, has been killed. The news was brought to Maloios Friday by pacifices who returned to the American lines, and it is generally credited. Montenegro was noted for his dash aud daring. His aggressiveness and powers were said to have been the principal factor in the continnnce of the insurrection. He is believed to have fallen in the battle at the outskirts of Maloios for the defense of the city.

Adm. Dewey Asks for Supplies.

WASHINGTON, April 8.—Adm. Dewey has cabled the navy department asking that six months' engineering supplies be sent to him at Manila. The department will probably use the Buffalo, now on her way to New York, for the carriage of these stores. The admiral's request is an indication of his belief that it will not be possible to materially diminish the American fleet in the Philippines in the near future.

STILL FIGHTING AT APIA.

The American and British War Ships Continue to Shell Samoan Towns—Several Casualties.

APIA, March 24, via San Francisco, April 8.—There have been lively times in Samoa during the past few days. The United States and British war ships have shelled Mataafa's forces repeatedly and sailors have been landed in Apia to protect property. Numerous casualties have resulted on both sides. Adm. Knutz and the commanders of the British ships are awaiting advices from their governments, and in the meantime the shelling proceeds dnily.

When Adm. Kautz arrived on the Philndelphia he spent two days in mnking inquiries, and then enlled a meeting of all the consuls and the senior officers of all warships in the harbor. As a result of the meeting a proclamation was issued by the American admiral declaring that the so-called provisional government under Mataafa can have no legal status under the Berlin treaty, and, therefore, can not be recognized by the consular and naval representatives, and ordering Mntnafa and his supporters to quietly go to their homes and respect the laws of the Berlin treaty. It was further ordered that the people ejected from their homes be returned, and the power of the naval force, it was stated, would be used against nll who disregnrded the right of peaceably disposed people.

Adm. Kautz's proclamation was taken to Mntanfa and read to him by Flag Lieut. Miller. It was received in silence and no reply was made. Mataafa and his chiefs quietly left and went to the western portion of the municipality, and it seemed as if they were about to obey the commands to return to their homes. The German consul, however, lasted a counter proclamation in the Samoan langunge, which was distributed among the Mataafans. The proclamation rends as follows:

"NOTICE TO ALL SAMOANS: By the proclamation of the United States admiral, dated March 11, was made known that the three consuls of the signatory powers of the Berlin trenty as well as the three commanders of men-of-war had been nnanimous to no more recognize the provincial government composed of Mataafa and 13 chiefs.

"I therefore make known to you that this proclamation is quite false. I am the German consul general, I continue to recognize the provisional government of Samoa until I have received contrary instructions from my government.

ROSE.

"German Consul General.

"Apia, March 13, 1899."

He also says that he cures not what relations are shown to have existed between the two; that they were not such as to have justified the crime on the evening of October 4, 1898. The W. F. Nisbet is the Pomeroy packet for tonight.

Work has been commenced on Dam No. 4 in the Ohio.

The Henry M Stanley will pass down tomorrow from Charleston.

The sternwheel steamer Troubadour towing Price's Floating Opera passed up on her way to Pittsburgh.

The Virginia will pass up tonight for Pittsburgh with a good trip, as there is considerable reshipping freight at Cincinnati.

The new steamer City of Cincinnati arrived at Cincinnati yesterday. She will receive her outfit and enter the Cincinnati and Louisville trade.

Yesterday's rain has caused the river to become stationary at this point, with prospects of a pretty good rise by next week. Several tributaries above are rising.

There is not sufficient water at Pittsburgh to drop ice-ted coalboats from the pool to the harbor, and the coal business on the Monongahela is almost at a standstill. There is a splendid boating stage, however, and the packets will be kept busy, as there is considerable freight moving.

We believe Chamberlain's Cough Remedy is the best in the world.
